

Gebroeders van Enkhuizen is exclusive builder of Enksail Yachts. Enksail sailing yachts are characterized by spacious pilothouses: beautiful to look at, but also offers comfort and safety. During bad weather conditions, everyone can sit inside in a dry, warm and safe way. There is a 360 degrees visibility in the pilothouse, which is fine both while sailing and in the marina. This makes an Enksail ideally suited for long trips and long stays on board. The Enksail line has three models:

- Enksail Noordkaper
- Enksail Halcyon
- Enksail Orion

The Enksail Orion is an aluminium go-anywhere cruiser/explorer sailing yacht design by the famous Dutch designer Kees van de Stadt of Satellite Yacht Design. The Orion range consists of a 49 and 54-footer. Interested in the Enksail Orion? Gebroeders van Enkhuizen is currently building an Enksail Orion 49 for Canadians Paul and Sheryl Shard. Also known as hosts of the Youtube channel Distant Shores. The Youtube channel will first show the construction. This will be followed by videos about the many beautiful voyages this ship will make.
