

Enksail Noordkaper

Gebroeders van Enkhuizen is exclusive builder of Enksail Yachts. Enksail sailing yachts are characterized by spacious pilothouses: beautiful to look at, but also offers comfort and safety. During bad weather conditions, everyone can sit inside in a dry, warm and safe way. There is a 360 degrees visibility in the pilothouse, which is fine both while sailing and in the marina. This makes an Enksail ideally suited for long trips and long stays on board. The Enksail line has three models:

- Enksail Noordkaper
- Enksail Halcyon
- Enksail Orion

Since 1999 we have been building steel Noordkapers to the design of Martin Bekebrede in the range from 40 to 60 feet. The Enksail Noordkaper is strong and an ideal touring yacht. [Yachting World](#) described her as a 'go anywhere' explorer yacht, and that is true. Our Noordkapers have made trips to the Caribbean, but also to the North Cape.
