

MADE FOR SAILORS

A Vaan is made for sailors. For the sensation of the water and the wind. It's meant to excite and explore. With twin aft helm stations, good upwind performance, a lower boom; this cat is made for sailors.

THE ULTIMATE DECK SALOON

The R4 is designed for sailors who are looking for more space than a monohull offers. The cockpit and saloon are at the same level, and there is very little heeling. Your friends and family can enjoy all the comfort and luxury, while you are at the helm enjoying their company.

Specification

Genoa	Genoa
Material	Aluminium
Length	12-15
